INTRODUCTION

Scotholme Primary and Nursery School works hard to provide a broad and balanced curriculum for all children. However, you know your child best and may feel that they need some additional help or support for some or all of their time at school. This report is designed to inform you of the types of support available, who can help you and how support can be accessed.

WHAT IS A SPECIAL EDUCATIONAL NEED AND DISABILITY (SEND)?

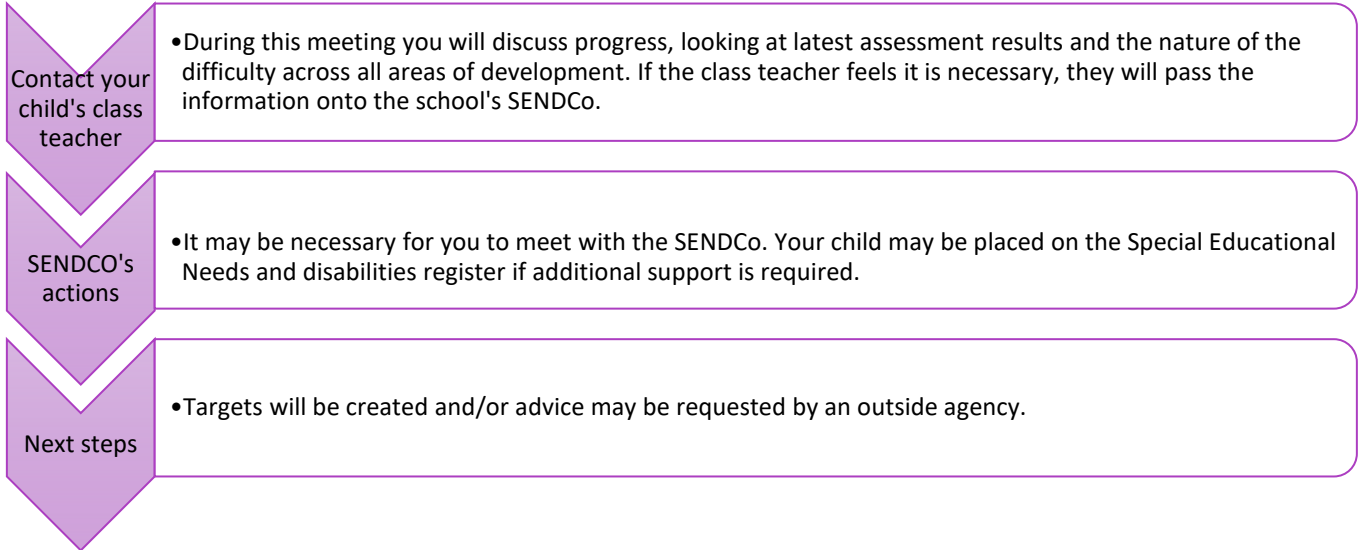

A special educational need (SEN) is a difficulty, difference or barrier that affects a child’s ability to learn and access the curriculum. A disability is a longer-term health condition which causes a difficulty, difference or barrier to learning and/or accessing the curriculum.

The Special Needs and Disabilities Code of Practice: 0-25 years (2015) states that:

‘A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. A child of compulsory school age has a learning difficulty or disability if he or she has a significantly greater difficulty in learning than the majority of others of the same age: OR Has a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in main stream schools or post 16 institutions.’

The SEN Code of Practice 2015 requires all Local Authorities, Schools and Academies to provide access to the support they provide to their SEN pupils and parents.

WHAT SHOULD I DO IF I THINK MY CHILD HAS SPECIAL EDUCATIONAL NEEDS?

All children identified with a SEN and/or disability have full access to engage in activities available with children and young people in the school who do not have SEN. The above will take account of all Health/Safety and Risk Assessment etc.

HOW WILL THE SCHOOL RESPOND TO MY CONCERN?

- Initial concerns may be expressed at parent's evenings or on request after school with the class teacher
- A further meeting may take place
- Your concerns will be discussed with the SENDCo
- Depending on the child's needs outside agencies may be requested to assess or observe the child
- A plan of action will be put together with you and your child
- Specific targets will be set
- The plan and targets will be reviewed regularly with you and your child.

HOW WILL THE SCHOOL DECIDE IF MY CHILD NEEDS EXTRA SUPPORT?

At this stage decisions can be based on formal or informal assessments:

- Monitoring of progress data which is collated and analysed termly
- If concerns are raised by parent/carer, teacher or the child
- If concerns are raised through adult observations over a period of time by the SENDCo, class teacher, teaching assistants or other professionals
- If there is a sudden change in the child's behaviour
- Standardised assessments and specialist advice from outside agencies

EARLY YEARS FOUNDATION STAGE (EYFS) HOW DO WE IDENTIFY SEND?

Throughout a child's learning career, a child may have a learning need. These may be identified by parents/carers, school staff or outside agencies working with the child. We encourage parents/carers to share information and concerns with us as early as possible.

We also use observation and assessment tracking systems to identify any possible concerns. We are committed to ensuring that all children in our Foundation Stage have access to learning opportunities, for those who are at risk of not making expected progress we will implement programmes to support their needs. This does not mean that all disadvantaged learners will have SEND. Only those with a learning difficulty that requires special educational provision will be identified as having SEND.

In our Foundation Stage we will include the child (where necessary), parents/carers, class teacher, Miss Bowden (SENDCo) and Ms Hall (Headteacher) to support and identify barriers to learning. We will gather evidence and arrange suitable intervention support. Also, we have access to various specialist services that can make further assessments and provide additional support. The SEND team will coordinate these services on your behalf.

Each learner identified as having SEND in our Foundation Stage will receive support based on their individual needs, this is flexible and may change over time linked to the Scottholme SEND Pathway. It will be designed to support learning and also the child's well-being. A child's needs will be specifically targeted according to Development Matters and the Early Learning Goals. Targets will be reviewed at meetings with the class teacher and SENDCo, as well as at parents' evenings. Children are taught in small groups according to their needs as part of our day to day practice and will be extended to support children with additional needs.

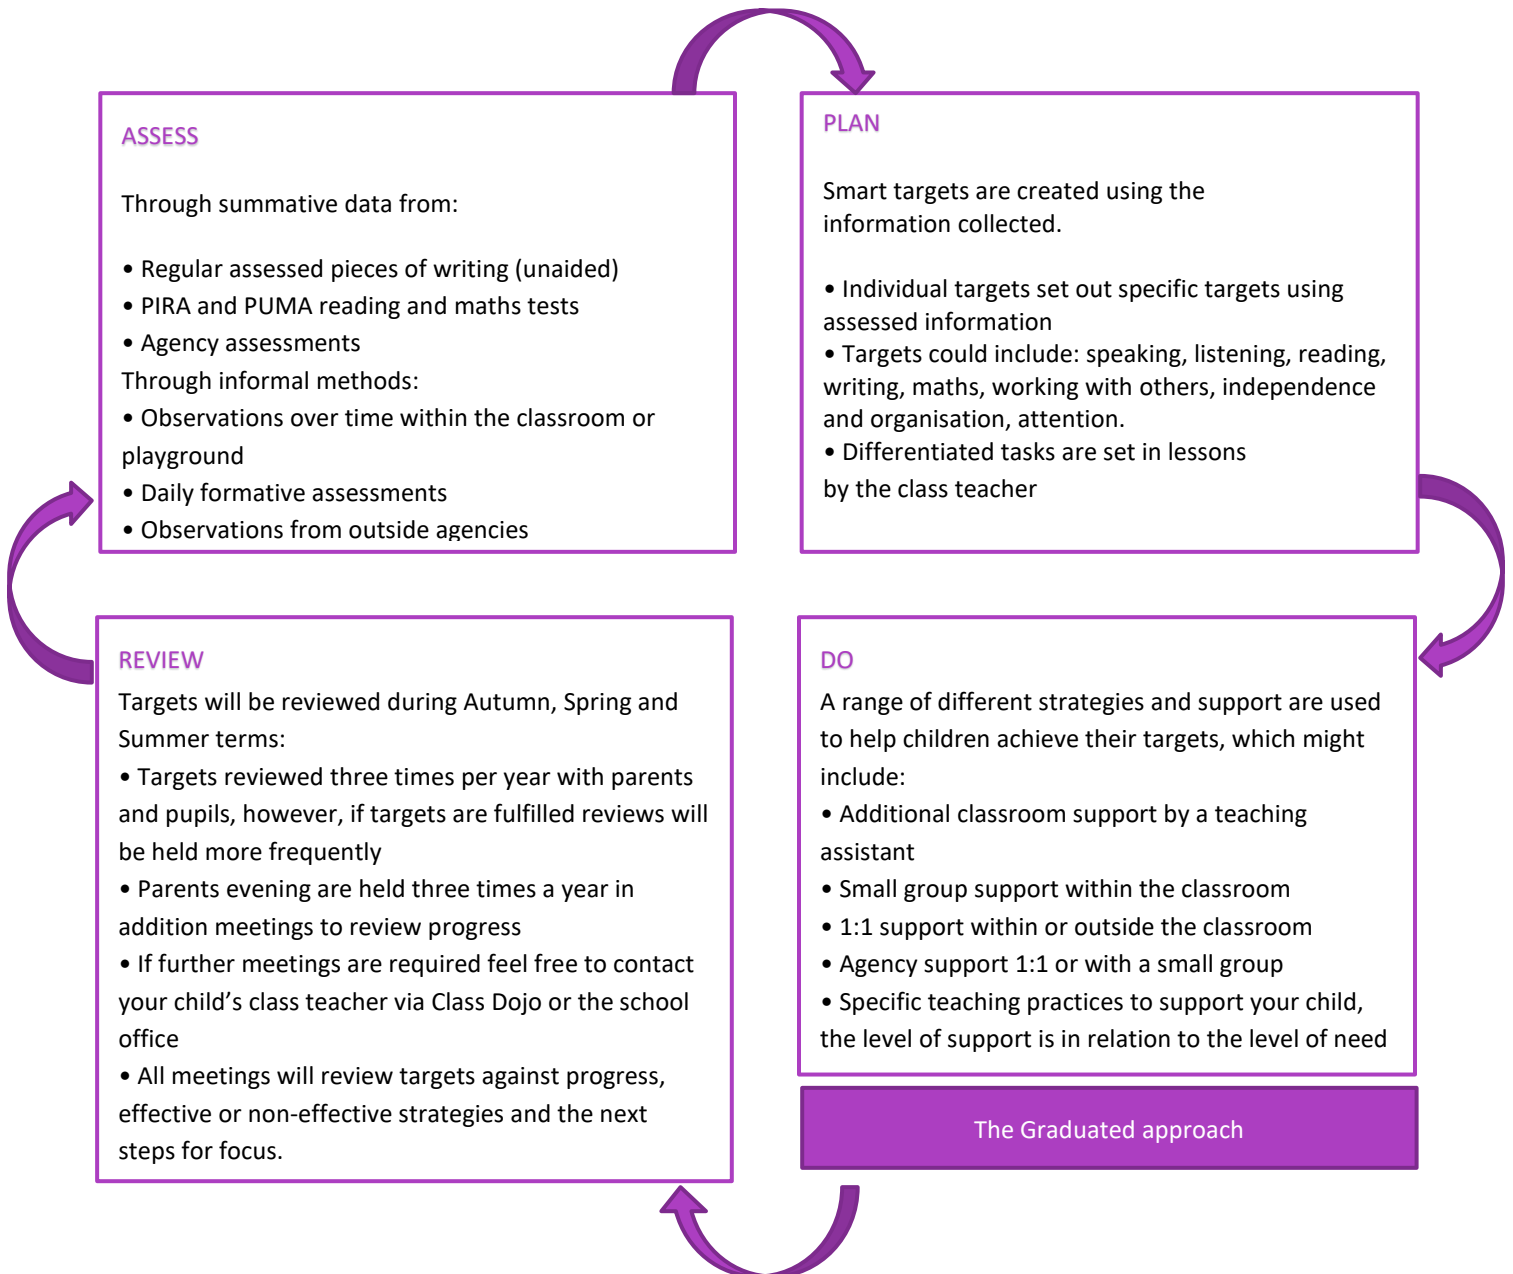

In Foundation Stage we use a range of programmes to support children’s learning:

- Speech and Language support - Nuffield Early Language Intervention (NELI) or Talk Boost
- Rocket Phonic
- Zones of Regulation
- Friendship groups

WHAT WILL THE SCHOOL DO TO SUPPORT MY CHILD?

Your child’s targets will be set and progress monitored by the class teacher. However, support may be given by teaching assistants, other teachers, SENDCo or agency support workers. This is known as a graduated approach.

A medicine administration form must be completed and medicines are kept in a safe place.

Review meetings

Your child will be asked for their thoughts regarding:

- Their progress towards their targets

These are written with individual children to help them understand how to manage their emotions or behaviour in certain situations i.e. anything they are anxious about or acceptable behaviour.

Nurture

Support of our Nurture groups may be introduced as part of the graduated approach.

How will the curriculum be matched to my child's needs?

HOW WILL I KNOW HOW WELL MY CHILD IS PROGRESSING?

Each child’s progress is carefully checked every term and placed on our tracking system using data from tests, classroom work and observations. These include the following:

- The school tracking system
- Early learning goals - for pupils in the Foundation Stage
- Reading and spelling assessments
- Standardised assessments (carried out by Specialist Teachers and Educational Psychologists)
- Assessment for learning - carried out by the teacher, pupil self-assessment peer assessment
- Individual targets, written as feedback by the teacher

These help to identify areas of weakness to target. If your child is struggling they will be given specific targets which will be discussed with them initially and then with you. If they continue to struggle it may be necessary to formalise their specific needs by applying for an ‘Educational Health Care Plan’. This is the new legal document mentioned in the ‘Children and Families Act 2014’. It brings together all relevant agencies appropriate to your child’s needs and will clearly set out what actions are required.

COMPLAINTS:

If you feel that something is not going quite as you would like it to, that we are doing something that you are unhappy with, or not doing something that you feel we should, please tell us about it.

The first step: Please arrange to discuss any concerns with your child's class teacher, or with the particular teacher concerned. We hope that most problems can be sorted out this way.

The second step: If, after speaking to your child's teacher, you do not feel that your complaint has been properly dealt with, or if your concern is about the conduct of a particular teacher, then you should discuss the matter with that SENDCO or Headteacher. In almost all cases we can sort things out satisfactorily in this way.

The third step: You should make a formal written complaint to the headteacher, unless the complaint is about the conduct of the headteacher. You should then receive a written response.

Taking matters further:

The schools' Complaint Procedures are set out in the school policy, copies of which are available from Reception and on the website. The child's class teacher will work closely with parents at all stages in his/her education and should be the first port of call in case of any difficulty. Parents of pupils with SEN or disabilities whose concerns cannot be resolved by the usual school procedures can request independent disagreement resolution. The school works within LA guidance and will make further information about this process available on request.

WHO CAN I CONTACT FOR FURTHER INFORMATION?

If you require any further help please contact:

- Your child’s class teacher
- The front office
- The SENDCo
- The Head Teacher
