Half Term Holiday- The children will break up from school on Friday 27th May at 3:30pm and will return on Monday 6th June at 8:50am.

Swimming- Swimming will continue next half term on Wednesday afternoons. The classes who are swimming are Squirrels and Hedgehogs. Your child's class teacher will send more detailed information about which weeks your child will be swimming.

Beat the Street- Thank you for your continued support with this project. We appreciate that the local boxes have not been working but we have been reassured that they have now been fixed. We would really appreciate any extra points you can earn with your children over the half term holidays. We are still at the top of the leader board but we need to ensure that we maintain this lead throughout half term.

The classes have been going out walking during the school day. This has been part of an in school competition to see who is the most active class. So far, the leading class is 6H who have been out 16 times.
