

## Reception Planning for 6<sup>th</sup> July

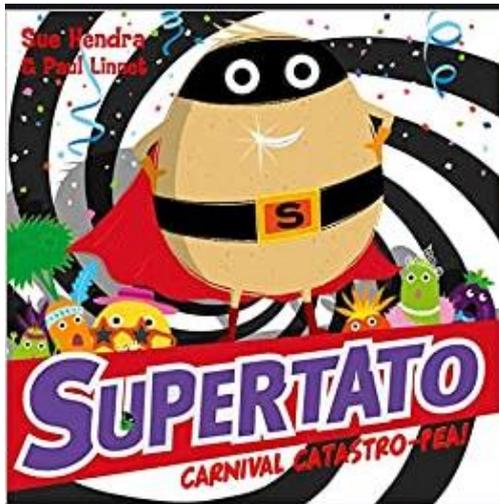

Monday 6<sup>th</sup> July

### Literacy

Supertato has been up to more adventures with his enemy Evil Pea! This time someone has stolen ALL the colour out of the world! Read this story and see what happens and how they will fix it!

The story is called 'Supertato Carnival Castro-pea!' by Sue Hendra. Click on the link to listen to the story.

<https://youtu.be/k-fbA77WtTU>

### Numeracy

Describe properties of objects-In this lesson you will compare capacity using the words full, half full, nearly full, empty, nearly empty. As always, these activities work best when you are with your child, talking together.

You will need:

Some water in a container

Food colouring (optional)

Smaller containers/cups

<https://classroom.thenational.academy/lessons/describe-capacities-of-objects/activities/1>

### Phonics

Let us look at the digraph 'ch'. DO you remember what sound these letters make? Listen to these videos and see if you can think of any more words that have this sound in? What words can you think of?

<https://www.youtube.com/watch?v=FWg2uzAuSe4>

[https://www.youtube.com/watch?v=Aeo\\_VLxmipg](https://www.youtube.com/watch?v=Aeo_VLxmipg)

### Art

How about making your own Superhero out of a toilet roll? Here are some examples:

You could even make your own Supertato hero!

### Tuesday 7<sup>th</sup> July

#### Literacy

What an Evil Pea! Can you believe he did that to his friends? It looks like they planned a fantastic Carnival though. Could you invite your favourite fruit or vegetable to the carnival? Who would you invite? Where would it be?

**For example:**

**To Strawberry,**

***I am having a party to celebrate all the fruit and vegetables beating Evil Pea. We are glad he did not manage to keep us all grey!***

***It is at my house, Date 26.07.2020, Time:3 PM***

***123 Awesome Street, Nottingham NG5 6FN***

***From Mrs Edwards***

***RSVP: On my telephone 123456789***

### **Numeracy**

**Compare volume of liquids-**In this lesson you will compare the capacity of different containers to find out which container holds the most.

<https://classroom.thenational.academy/lessons/compare-volume-of-liquids/activities/1>

You will need:

A jug for water

Sand/rice/pasta

Small containers to pour materials into

## Phonics

Thinking about the 'ch' sound that we heard yesterday, see if you can complete this activity. You need to read the 'ch' words and colour in the ones that are real one colour and the ones that are nonsense another colour.

### Phase 3 Real and Nonsense Words - ch

Can you spot which words are real and which are nonsense below?  
Fill in your key with a different colour for real words and nonsense words and then colour in the correct boxes below.

Real Words       Nonsense Words

chop	chab	chall	much
chot	chin	luch	yech
doch	cheg	yich	check
chip	zoch	chick	mech
chup	rich	hech	chill

## Science

Have you seen what happens to celery when it is placed in coloured water? Fill a cup up with water and food colouring. Place in a stick of celery (better if it has the leaves still on) and see what happens!

Wednesday 8<sup>th</sup> July

Literacy

Great invitations that you have made! I really liked seeing the fantastic work you have produced! We need to make decorations for the party. I know that carrot was making a banner for the party, what do you think it might say? Could you write a banner for the party? It might say:

**Welcome to the best carnival in the world! So long Evil Pea!**

### Numeracy

Estimate length of objects- In this lesson you will measure using non-standard units. Did you know you can measure the length of something using your hands or feet or even toy cars?

<https://classroom.thenational.academy/lessons/estimate-lengths-of-objects-0a31b3/activities/1>

You will need:

Some objects to measure e.g. shoe, paper, cereal box etc

Smaller items to measure e.g. pasta, blocks etc

### Phonics

Great work on the 'ch' sound! You are really beginning to recognise the different uses! Today we are going to write words that have the 'ch' sound in. Use your sound knowledge and see what words you can find. For extra dojo points you could try and put these words into a sentence.

Find and Write the 'ch' Words

Write the words and then colour the ones with a 'ch' sound in them.

 _____	 _____	 _____
 _____	 _____	 _____
 _____	 _____	 _____

## PSHE/Cooking

Potatoes are a great food! They can make so many different dishes. Could you make a dish with a family member this week that includes potatoes? What will you make? What ingredients will you use? How did you make it?

You could make samosas, chips, cheese and potato pie etc

Looking forward to seeing what you create!

## Thursday 9<sup>th</sup> July

### Literacy

Great that we have started thinking about the party! Now let's take this time to plan and make it the best party ever. Use this sheet to think about food, drink games and other important parts of a party that we need to sort out. This will probably take you two days and so this will be your task for today and tomorrow. Looking forward to seeing your plans!

---

**Planning a Party**

 <p>Where will the party be?</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>What food and drink will you give your guests?</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p>What games will be played?</p>  <p>_____</p> <p>_____</p> <p>_____</p>	<p>Who will you invite? How will you invite them?</p> <p>_____</p> <p>_____</p> <p>_____</p> 
 <p>What else do you need to think about?</p> <p>_____</p> <p>_____</p>	

## Numeracy

Compare weights of objects- In this lesson you will compare the weight of objects on Zara's balance scales. You can find out how to make your own balance scales in the slides following the video.

<https://classroom.thenational.academy/lessons/compare-weights-of-objects/activities/1>

You will need:

Scales if you have them

If not just two objects to see difference in weight

## Phonics

Read this story about Chuck the Chick! Can you spot the words that have the 'ch' sound in? Can you write them out? If you have a printer, you could highlight these words and colour the picture in. 😊

**'ch' Phoneme Spotter Story**

**Chuck the Chick**

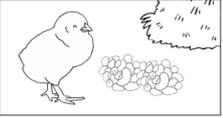

On a farm, near the coast, a farmer kept animals. He had dogs, cats, sheep, goats and hens.

The hens laid eggs. In the winter, a red hen laid a big egg.

The egg got such a big crack in. In the egg, was a soft chick. Chuck was the chick. His mum fed him and got him a soft bed.

For his dinner, Chuck had seeds and nuts. The seeds and nuts went 'crunch'.

He had such a lot of food. His mum had to check he did not munch too much.

## P.E.

Can you have a go at dancing like a Super hero? Try the moves in this video! If you are feeling creative, you could have a go at making up your own dance moves.

<https://www.youtube.com/watch?v=6y3RMeH0jME>

<https://www.youtube.com/watch?v=uLFGuGaKTaA>

**Friday 10<sup>th</sup> July**

**Literacy**

Great start on your party planning yesterday! Today, read through what you wrote yesterday. Make any changes that are needed, to make it the best it can be. What details do you need to add? How can you make it even better?

---

**Planning a Party**

 <p>Where will the party be?</p> <hr/> <hr/> <hr/> <hr/>	<p>What food and drink will you give your guests?</p> <hr/> <hr/> <hr/> <hr/>
<p>What games will be played?</p>  <hr/> <hr/> <hr/> <hr/>	<p>Who will you invite? How will you invite them?</p> <hr/> <hr/> <hr/> <hr/> 
 <p>What else do you need to think about?</p> <hr/> <hr/> <hr/>	

**Numeracy**

Measuring revision- In this lesson we will revise the measuring activities that we have completed this week.

<https://classroom.thenational.academy/lessons/measure-objects>

You will need:

Nothing 😊

## Phonics

You have worked really hard on learning the 'ch' sound this week. Can you please write 3 words with the digraph 'ch' in and put these words into a sentence? I can not wait to see what great sentences you write. If you are stuck, re listen to the 'ch' sound video we listened to earlier in the week. You might hear some good words there!

## P.S.H.E

How about making some Alien shape Art? In today's lesson, we are going to use shapes to create some funny aliens that you might meet in outer space! The three key areas that today's lesson links to are maths, expressive arts and design, and communication and language.

<https://classroom.thenational.academy/lessons/alien-shape-art>

You will need:

Paper

Pencil

Teddy bear
