

How to use this resource:

You do not need to print this lesson out. Your task for today is to share/read some poems

- Ask your child to read the words on the Phonics page. Ask them to sound them out and then practice writing the words. This part should only take about 10 minutes.
- Move to the next page and share the Learning Objective and how we will achieve this
- Look at the slides and share various poems. This will constitute the task for today.

The **ie** sound

Read and practise writing the words

die

lied

cries

tried

lie

tie

dries

pie

fried

For the next two weeks we will be:

- looking at different types of poems.
- discussing the different features of a poem
- answering questions linked to a given poem.
- writing a poem.

TODAY'S LEARNING.....

What are we going to learn?

To understand what poems are

How are we going to learn?

We are going share/ read poems

The learning habits we are going to use today

Discipline- to keep focused

Curiosity- learning something new

What is a poem?

A poem is a collection of words that express an emotion or idea, sometimes with a specific rhythm.

It is usually written to be verbally performed.

Different types of poems:

Alphabet (ABC)

Each line in the poetry begins with subsequent letters of alphabets.

Example:

A young girl was walking in the rain.
But her umbrella didn't open.
Couldn't run, couldn't hurry,
Dressed in new shoes,
Entered a house full of chocolates.
Found all her friends enjoying them.

Acrostic

The first letter of each line form a word itself.

Example:

**Crisp are colourful.
Adorable and crunchy.
Nice and tasty.
Delicious and tempting,
Yummy and best!**

Autobiographical

It's about oneself written in the form of a poetry.

Example:

I'm a Jilly Joe,
I love to sail and row,
I love flying kites,
only to end up with fights.
My friends hate me.
For I'm a wannabe,
I love myself.
For I'm Jilly Joe.

Rhyming

Rhyming is a kind of poetry having a rhythmic pattern and flowing in the form of couplets and triplets..

Example

'Couplets'

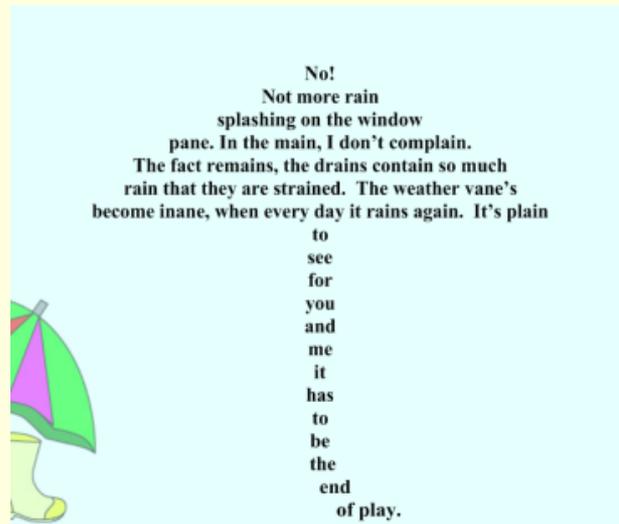

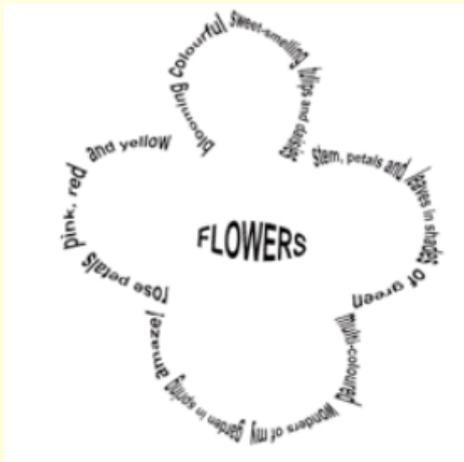

Twinkle twinkle little star
How I wonder what you are!

'Triplets'

I love my red balloon,
I want it to reach the moon,
To my grandpa very soon.

Shape Poem

A Shape Poem is a type of poetry that describes an object and is shaped the same as the object the poem is describing.

Colour Poems

In this type of poem, you choose a colour and relate that colour to different types of events and characters.

Example:

White is the milk
As tasty as could be.
White are the clouds
Like cotton balls in the sky.
So is the light white
That brightens my day.

Alliteration poem

Alliteration is when you repeat the beginning consonant sounds of words, such as:

“big blue baseball bat” or “round red robin.”

Example:

Zzzzz

I see zebras from Zimbabwe
zipping all around the zoo.

I see Zeus up in the zodiac,
a zillion zithers too.

There are zephyrs blowing zeppelins
that are zooming near and far.

There are zealots counting zeroes
in a zone near Zanzibar.

There are Zulus wearing zoot suits
eating zwieback and zucchini
plus a zombie with a zipper
on his zinnia bikini.

Yes, I always have the zaniest
most zonked-out dreams like these,
because every time I go to sleep
I try to catch some Z's.
