# YOUR TASK FOR TODAY

- Using your plan from yesterday, can you write Part 3 and Part 4.
- Use the modelled writes to help you structure each part.
- Part 3 will be longer than yesterday's and should be about 400-500 words.
- Part 4 should be about 250 words.
- Use the guides on the final page for your two chapters.
- Don't write finish the story today!

## PART 3

We need to have a character that could help the MC in the future (but we won't say that now!)

There needs to be a connection to what is going to happen on the MC's birthday.

Something needs to make the new character leave the room.

The MC plugs their phone into a laptop to charge it but accidentally 'downloads' something instead.

## PART 4

The MC must discover that something strange is on their phone.

The strange thing must communicate with them and explain something that links with the theme of the story.

The strange thing must have a special ability or power which could help the MC.

A problem must arise with a member of the MC's family.
