

The Return of the Witch of Knightdale

Chapter 1

Long ago, in a city called Knightdale, people who were old, told many legends and myths but one was the most important and old, The Witch of Knightdale!

One night, on Saturday 30th October 2010, a girl called Caitlin Smith (super detective) heard a piercing scream from a distance away. People stared at where the scream was coming from.

Suddenly, people started to run back to their homes.

Chapter 2

Caitlin stopped and asked a lady what was going on, she replied “It is the Witch of Knightdale, a long time ago a powerful wizard trapped her in the castle forever but only on Halloween she takes her revenge, last year a whole family went in the castle but never came out, rumours say that they were killed!”, “Take this it is a magic wand to protect you.

“Halloween is tomorrow!” murmured Caitlin.

Caitlin was all alone on the street, afraid that the wailing witch was coming for her...

Chapter 3

The next morning Caitlin went to the haunted castle because she wanted to find out if the witch was actually real. She stayed there for the whole day but at midnight she saw a ghostly figure it was the witch!!

She quickly hid behind an old, brown table and then she saw a weird figure, she realised it was the witch. The witch cackled,

“Bubbling bones,

Leg of Frog,

Whisker of a cat,

A petal of a rose

And a fur from a cheetah.”

It was a spell!!

Chapter 4

Caitlin gasped in horror, she had to do something really quickly!

The witch was still near her cauldron but went back to her room, this time was really precious because it was time to escape! She ran and ran, till her core muscles started to ache. Suddenly, she got lost in the vastness of the corridors. She started to hear cackles in the distance, she thought that the witch was coming for her. Caitlin ran then she stopped at a dead end and she found a golden key on the floor. Then she leaned on a wall, still holding the key, before Caitlin realised she was standing in a colossal passage way which had lots and lots of doors.

Chapter 5

She chose the door on the left and she placed the key in the key hole and opened the door. She took a stick with a flame on it so she could see in the dark. In a distance she could hear footsteps coming towards her it was The Witch of Knightdale. She ran rapidly until she could hear no more footsteps. Suddenly, Caitlin saw a figure in the distance it was the witch!

She quickly hid behind a rock, the witch cackled and said, " Who dares interrupt me and who dares to go in my castle."

This is the rock

Chapter 6

Then she realised that she had the magical wand the lady gave her, she stood up and pointed the wand in the direction of the witch and exclaimed, pointed the wand in the direction of the witch and exclaimed "Be gone Witch of Knightdale, you never belonged at Earth, and YOU NEVER WILL!!!"

Just as she said that there was a ginormous circle, it looked like a portal to the Witches world. The wind blew her in the portal and from that day on she was never to be seen again!

The End!
