

**What's in the box?**

Thousands of questions waiting to be solved.  
Minds turning, twiddling, twisting trying to find  
the answer.

Curiosity crawling through imaginative veins. A  
number is told. Pairs of eyes searching - it's  
found. The words unscramble until the mind  
clicks.

Children write and write. Hoping to win, they slip  
the answer in the box.

Belief is high but then another number is called.

**Imarnah - Year 5**
