

Year 6 School Closure Work - 21st March 2020

Spelling words in Reading Diaries (at the back).

Maths

Practise times tables (up to 15×12). Remember speed and accuracy are important.

SumDog Challenges each week - can you score over 500 points in a week?

How many different shapes can you name? Draw them and label their properties.

What is the circumference of the Earth, around the equator? Remember this from your memory lessons! If you can't remember, think about this sentence:

'A sail-boat had 2 footballs on it. A pencil drew a cannon and a streetlight shone on Captain Hook.'

Can you approximate the circumference in miles?

English

Draw no more than 6 pictures to describe the story of Richard III according to Shakespeare.

Identify the things we know Shakespeare was incorrect about in his story.

Do you think Richard III was a bad person? Record your answer, explaining your opinion.

Summarise the story of Macbeth in as few words as possible.

What records did Amelia Earhart set? Why were these impressive?

Write a biography about Amelia Earhart's life.

Who was Nancy Wake? How did she show integrity?

Integrity - the quality of being honest and having strong moral principles

Science

Where does the sun rise?

Where does the sun set?

What does this tell you about how the Earth is spinning?

Which way does water spiral down your plughole in your sink?

IS this the same all over the world?

Plan and design your own environmentally friendly transport that could cross the Atlantic.

PE

Name the 11 cricket Test playing countries.

Rank them in order of when they started playing Test cricket.

What are the different flags of the teams?

Find an interesting fact about each of the countries.

Amelia Earhart

- Amelia Earhart was born on 24th July 1897 in Atchison, Kansas (United States).
- She was the sixteenth woman to receive a pilot's license from the FAI (Fédération Aéronautique Internationale).
- She became the first woman to complete a solo flight across the Atlantic Ocean, on May 21st, 1932
- She took off from Newfoundland and landed in Ireland
- The flight took 15 hours
- After completing the flight, she became a huge celebrity
- Although she was the most famous female pilot in the world, Earhart wasn't satisfied and wanted to be the first woman to fly around the world
- In 1937 Amelia Earhart and Fred Noonan, her navigator, attempted to complete a circumnavigation of the globe in a Lockheed Model 10 Electra plane.
- The flight was funded by Purdue University.
- They took off from Miami, Florida. They flew a number of flights, eventually getting all the way across Africa and Asia to New Guinea in the South Pacific.
- On July 2nd they took off from New Guinea to fly to Howland Island in the Pacific Ocean
- Unfortunately, she disappeared somewhere over the Pacific Ocean near to Howland Island.

- The US spent a great deal of money searching for Earhart, but her body was never recovered. To this day, no one knows exactly what happened to her and to her plane.
